#### WEARS HIS CARD ON BROW

Mexican Had His Name and Address Tattooed on Forehead to Insure Identification.

San Francisco.—"What's your name?" demanded Assistant District Attorney Becsey of a Mexican charged with vagrancy. The defendant brushed back his hair, but did not speak. Becsey repeated his question. Same response. Then the Spanish interpreter tried. The man pointed to a spot on his forehead. Becsey looked closely, and tattooed on the man's brow was "Fred Harris, Sonora, Mexico."

"What's the idea?" asked Becsey. "I have heart disease. I may drop dead. I don't want my grave to be unmarked," the prisoner explained. Judge Brady dismissed him.

#### SHIELDS FOUND HIS "ROLL"

Dream Causes Secret Service Men at Lewistown, Pa., to Work Overtime.

Lewistown, Pa.—Barney Shields, a local merchant, had the secret service working overtime for 24 hours seeking a second-story worker who he thought relieved his trousers pockets as they dangled from the bedpost in his room. Shields suddenly recalled a dream of the previous night, in which burglars played an important part, and visiting the cache portrayed in his dream found his roll intact. Shields says he must have changed the hiding place of the money while in a somnambulist state.

The tobacco barn of Cecil Thorpe, in Madison county, was destroyed by fire of unknown origin. No leaf was in the building.

#### MOVIES MAKE HIM SICK

Allen is Reminded of Trip Across Atlantic, and Is Taken to Hospital.

Hutchinson, Kan.—John Stevenson, farm hand at a local dairy, had to be taken to the hospital after a picture show he saw. The films were of the navy, with a number of views, showing boats rolling in high seas and all that. It was so realistic that it reminded Stevenson of his trip across the Atlantic and made him seasick. The doctors were puzzled for quite a time to diagnose his trouble.

Moegling. She charges that her husband used a cipher system in keeping track of his "lady friends," of whom she gave the names of 63.

## One Smashing Blow

Some folks go on for years wondering why they have headaches, nervousness, heart flutter, biliousness and various other ailments. But they never suspect a most common cause—coffee drinking.

Coffee contains caffeine, a powerful habit-forming drug. The little doses repeated daily irritate the nerves, unsteady the heart, hinder digestion and work havoc generally with many coffee users.

The simple, easy way to smash coffee troubles at one blow, is to quit coffee and use

### VALUABLE HORSE HINTS

Repose Almost as Essential as Good Feed and Water.

Colt Is Not Safe for Women, Children or Inexperienced Men to Handle—Study Conformation and Breeding of Mares.

All horses, when turned out in pasture, are more prone to take their rest lying down than when confined in stable stalls, says a writer in Inland Farmer. But even when practically free from human restraint and observation, or any likelihood of danger, they seldom take more than an hour each night in the recumbent position, and that period is generally indulged in about midnight.

A noted veterinarian says: "There are some curious facts regarding the disposition of horses in the matter of lying down. To a hard-working horse repose is almost as much of a necessity as good food and water, but tired as he may be, he is an animal very shy about lying down. I have known instances where stallions declared that the horses in their charge had never been known to take rest in that manner, but always slept standing."

In purchasing a general purpose horse, which will be used when railroads, electric cars and autos are to be met, don't buy a colt, because no young horse is safe for women, children or inexperienced men to handle. Don't buy until you have driven, or have seen the horse driven near enough to these objects of terror to be certain that he will pass them without trying to smash up things. Better

Superior Type for Farm Work.

go to some reliable dealer, tell him exactly what you want and then buy under a full guaranty, with the privilege of returning the animal at some reasonable time. If he doesn't come up to the mark.

Greater efficiency in the field is secured by matching horses according to their working character, even if they do not look alike. The man who tries to keep a horse in even good working order on grasses alone is attempting an impossibility. Study the conformation and disposition of your mares as well as their breeding, and learn, if possible, the kind of stallion they should be mated with to secure the best results.

No matter how big the jack may be, he cannot sire large draft mules from the ordinary run of mares common on the majority of farms.

### PROPER TYPE IS ESSENTIAL

Refers to Sheep Possessing Mutton and Wool Characteristics—Secure Purebred Ram.

Unity of type in the flock should be the direct aim of every breeder. This applies to grades as well as purebreds, and refers to the selection of a type of sheep, possessing similar mutton and wool characteristics. With pure breeds this feature is especially important. In a flock of sheep where several types obtain, choice of a suitable ram is most difficult. Besides, disparity in this respect detracts from the general appearance of the flock and gives the buyer or casual observer an unfavorable opinion, writes T. R. Arkell in Farm, Stock and Home.

Every breeder should aspire to produce a distinctive type. He should endeavor to breed a class of sheep possessing characteristics that, wherever the animals are, they will be recognized as his. It is not enough that the flock should never possess some fancy character in preference to utility features. No feature should be given undue prominence beyond another, especially one that is purely ornamental. The establishment of an ultra form of some fashionable character is at times become an obsession with many breeders of purebred sheep, and this sin (for it cannot be called anything else) must be avoided. The ultimate destination of most purebred rams is at the head of grade flocks, and their utility features should only be taken into consideration.

### USEFUL COAT OF CORDUROY

Coat of silk corduroy, with collar of opossum fur. The coat is lined with a supple silk or crepe, and is suitable for general wear. The lustrous surface of the corduroy makes it possible to use it also for visiting or evening dress.

### COMBINE LINEN AND LACE

Something of a Novelty That May Be Appreciated by the Needleworker.

There are many needleworkers who delight in working on large pieces of fancy work; but there are just as many, if not more, who prefer to handle small pieces that are less cumbersome and that bring about results more quickly. For such as these, then, the embroidered squares solve the problem. These can be effectively joined together with wide or narrow cluny lace to form bureau scarfs, bouclé pillows, table runners and dear knows what else.

One woman who had been given a quantity of square dories three and four inches square put them to good service by joining them with wide lace and using them on the buffet. She objected to using them singly and was highly pleased with the scarf that resulted from joined forces.

Squares of tan linen embroidered in colors can be joined effectively to form table runners. Of course, the lace should match the color of the linen. If you should fail to find tan to match, dip white or cream lace in tea. Try a little piece of the lace first, so that you can see if the tea is of the proper strength.

Have you ever seen a bedspread made of linen and lace joined together? Once you have seen one you will want to make such a spread for yourself. It is advisable when making such a large piece to use long strips of linen rather than squares. One which was included with lots of other pretty things in a hope chest was made of a very heavy linen. Near the center the linen was embroidered in pink and green flowers, heavy silk being used for the purpose. After the strips of linen and lace were joined the spread was bound with lace edging. Anyone who objects to the colored embroidery and the flowers can substitute for it a monogram placed on the center strip. This was surely something different from the ordinary spread for the bed.

### FLOWERED CAPS FOR BOUDOIR

Not at All Difficult to Make, and Something That Will Prove Decidedly Worth While.

A cap with flowers is elaborate, but hardly difficult to make. The crown is simply a circle, gathered into a band of suitable size. It can be made of mull, lawn, batiste, net of sheer, thin silk.

The frills, two turning up and one a bit wider, hanging about the hair and face, can be made of the material of the cap, hemmed, hemstitched, featherstitched or whipped, if the cap is of net, with a heavy colored thread, or they can be made of Valenciennes lace. In one dainty cap the band of ribbon is of golden yellow, and the flowers, which fasten the bottom frill so that it keeps out of the eyes, are rosebuds of yellow, rose and maroon.

Another cap has a shaped frill, scalloped about the edges and divided at the back. The crown of the cap, a big circle, has most of the fullness drawn wide to the back and fastened into a band. Ribbon is used to cover the band and is knotted in a bow in front.

### MUSICAL TREAT FOR MINISTER

Reverend Gentleman Was in Something of a Hurry, But Couldn't Be Allowed to Miss This.

"So glad to see you," said Mrs. Dillard to Rev. A. Alexander Chopin-Fugue on the occasion of his first call at the Dillard home. "I am so glad that we have a minister who is especially fond of music, as I hear that you are. I have heard that you never miss a symphony concert when you are in Boston, and that you are a fine performer on the piano yourself. We have a great deal in common if you love music. All of my children are very fond of music, and I am so glad that they are home that they can play for you. This is our little Robert. He has never had but one term of lessons, but he can play almost anything he takes a notion to. Robert, sit down to the piano and play the 'Jolly Boy Waltz.' He can play it with hardly a mistake, so I want him to play it for you, and—"

"I really have time for—" "He can play it in four or five minutes, and then I want him and his sister Lutie to play their duet for you. It is something they made up entirely by themselves, although Lutie is only eleven. And I do not want you to go until you have heard our little Percy play 'A Life on the Ocean Wave.' He is only seven, so of course we have to allow for some mistakes—" "I am sorry, but really I fear that—" "Percy, run upstairs and tell your sister May to come down. I want her to play her little piece for the minister. She can play 'Bringing in the Sheaves' with two hands. I am sure that you will enjoy hearing my little ones. Now Robert, let us have the 'Jolly Boy Waltz,' and I want you to play it the best you can."—Puck.

### WEAK KIDNEYS MAKE WEAK BODIES

Kidney Diseases Cause Many Aches and Pains of Maysville People.

As one weak link weakens a chain, so may weak kidneys weaken the whole body and hasten the final breaking-down. Overwork, strains, colds and other causes injure the kidneys and generally when their activity is lessened the whole body suffers.

Aches and pains and languor and urinary ills frequently come, and there is an ever-increasing tendency towards dropsy, gravel or fatal Bright's disease. When the kidneys fail there is no real help for the sufferer except kidney help.

Doan's Kidney Pills act directly on the kidneys. Maysville testimony is proof of their effectiveness. Mrs. S. Neal, 497 W. Second St., Maysville, says: "One of my family had a great deal of trouble from a lame back and weak kidneys. Doan's Kidney Pills made the patient better."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Neal recommends. Foster-Milburn Co., Props., Buffalo, N. Y.

## Hundreds of Custom Waiting For You

Do you know that in this town and farming community there are many hundreds of families who buy a majority of their goods in Maysville, from some merchant or other?

Do you know that YOU might just as well have a large percentage of this business. And do you know that this business is SPOT CASH because the people HAVE THE MONEY and are NOT AFRAID TO SPEND IT?

Do you know that to get this business you must FIRST REACH THE PEOPLE and then know WHAT YOU HAVE?

Do you know that there is no other paper published that reaches these people as thoroughly and as effectively and with as tight a grip as THE PUBLIC LEDGER does?

The buyers in this community are an intelligent class of people, and they insist on knowing something about the goods before they part with their money.

Your advertisement in THE LEDGER will appeal to them because it is THEIR PAPER, and because they KNOW that we do not accept questionable advertisements at a price.

The holiday season, a harvest for merchants, is now on and our people will be buying large quantities.

Because we feel that you are keen on getting a goodly slice of this business a representative of THE LEDGER will take the liberty of calling upon you within a few days, and thus he will illustrate to you more fully the advantages to be derived from placing your holiday advertising before a class of people who buy liberally and with which to pay.

Very truly yours,

Leda Publishing Co.
